This is exactly the kind of result we had hoped for in the sale of EPNNES items.

Eric

I have to share my excitement with you. As you may or may not remember I have collected the Georgia Colored Seal Colonial Currency series for 30 years.

Until your collection came on the market last week I was never able to find two of the notes out of the 50 needed to complete my set: The \$4.00 1776 Green Seal, and the small 1776 \$4.00 Blue Green Seal. But I was able to buy them both from your sale, and wanted to share with you that I now have all 50 different of the Colored Seal notes, (all dating 1776 thru 1778 as you would know :)) Since both of these notes are perhaps the only ones in existence, I'm especially happy that you decided to sell your collection for the rest of us to collect and enjoy!

I will again exhibit my collection at an upcoming ANA Convention, this time as "Complete". And as I told you in an earlier email I'm working with Wayne Homren to run a little series in Esylum about them, including photos.

I want to thank you once again for your passionate and thorough research on Colonial Currency throughout the decades, and for sharing your knowledge with the world through the awesome editions of your book, so that we can forever learn and enjoy!

Both you and Evelyn have given so much to the world over the many decades. You will forever be held in the highest esteem for all you have done.

Hi from your young friend Ken Bressett whom I see at a little coin group gathering that we have monthly in Colorado Springs.

Hope you are doing as well as you hope for at 103! You're the best Eric.
